INTERNATIONAL SEARCH REPORT

(PCT Article 18 and Rules 43 and 44)

International application No	Applicant's or agent's file reference 56783W0003	FOR FURTHER see Notification (Form PCT/ISA/2	of Transmittal of International Search Report 220) as well as, where applicable, item 5 below.
Applicant 3M INNOVATIVE PROPERTIES COMPANY This International Search Report has been propared by this International Searching Authority and is transmitted to the applicant according to Article 18. A copy is being transmitted to the International Bureau. This International Search Report consists of a total of	International application No.	international filing date (day/month/year)	(Earliest) Priority Date (day/month/year)
This International Search Report has been prepared by this International Searching Authority and is transmitted to the applicant according to Article 16. A copy is being transmitted to the International Bureau. This International Search Report consists of a total of		11/10/2002	10/12/2001
This International Search Report consists of a total of3sheets. It is also accompanied by a copy of each prior art document cited in this report. 1. Basis of the report a. With regard to the language, the international search was carried out on the basis of the international application in the language in which it was filed, unless otherwise indicated under this Item. X		COMPANY	
It is also accompanied by a copy of each prior art document cited in this report. 1. Basis of the report a. With regard to the language, the international search was carried out on the basis of the international application in the language in which it was filed, unless otherwise indicated under this tem. X the international search was carried out on the basis of a translation of the international application furnished to this Authority (Rule 23.1(b)). b. With regard to any nucleotide and/or amino acid sequence disclosed in the international application, the international search was carried out on the basis of the sequence listing: contained in the international application in written form. Itled together with the international application in computer readable form. furnished subsequently to this Authority in written form. turnished subsequently to this Authority in computer readable form. the statement that the subsequently furnished written sequence listing does not go beyond the disclosure in the international application as filed has been furnished. the statement that the information recorded in computer readable form is identical to the written sequence listing has been furnished. Certain claims were found unsearchable (See Box I). Unity of invention is lacking (see Box II). 4. With regard to the title, X the text is approved as submitted by the applicant. the text has been established by this Authority to read as follows: 5. With regard to the abstract, X the text is approved as submitted by the applicant. the text has been established, according to Rule 38.2(b), by this Authority as it appears in Box III. The applicant may, within one morth from the date of mailing of this international search report, submit comments to this Authority. 6. The figure of the drawings to be published with the abstract is Figure No. as suggested by the applicant. because the applicant failed to suggest a figure.	This International Search Report has be according to Article 18. A copy is being to	en prepared by this International Searching Authransmitted to the International Bureau.	nority and is transmitted to the applicant
a. With regard to the language, the international search was carried out on the basis of the international application in the language in which it was filed, unless otherwise indicated under this item. X	X It is also accompanied b	s of a total of3 sheets. y a copy of each prior art document cited in this	report.
the international search was carried out on the basis of a translation of the international application furnished to this Authority (Rule 23.1(b)). b. With regard to any nucleotide and/or amino acid sequence disclosed in the international application, the International search was carried out on the basis of the sequence listing; contained in the international application in written form. Giled together with the International application in computer readable form.			
Authority (Rule 23.1(b)). b. With regard to any nucleotide and/or amino acid sequence disclosed in the international application, the international search was carried out on the basis of the sequence listing: contained in the international application in written form. filed together with the international application in computer readable form. furnished subsequently to this Authority in written form. furnished subsequently to this Authority in computer readable form. the statement that the subsequently furnished written sequence listing does not go beyond the disclosure in the international application as filed has been furnished. the statement that the information recorded in computer readable form is identical to the written sequence listing has been furnished. Certain claims were found unsearchable (See Box I). Unity of invention is lacking (see Box II). With regard to the title, The text is approved as submitted by the applicant. the text has been established by this Authority to read as follows: 5. With regard to the abstract, The text is approved as submitted by the applicant. the text has been established, according to Rule 38.2(b), by this Authority as it appears in Box III. The applicant may, within one month from the date of mailing of this international search report, submit comments to this Authority. 6. The figure of the drawings to be published with the abstract is Figure No. as suggested by the applicant. because the applicant failed to suggest a figure.	language in which it was filed, ur	international search was carried out on the bas iless otherwise indicated under this item.	is of the international application in the
contained in the international application in written form. filed together with the international application in computer readable form. furnished subsequently to this Authority in written form. furnished subsequently to this Authority in computer readble form. the statement that the subsequently furnished written sequence listing does not go beyond the disclosure in the international application as filed has been furnished. the statement that the information recorded in computer readable form is Identical to the written sequence listing has been furnished. Certain claims were found unsearchable (See Box I). Unity of invention is lacking (see Box II). Unity of invention is lacking (see Box II). With regard to the title, X the text is approved as submitted by the applicant. the text has been established by this Authority to read as follows: 5. With regard to the abstract, within one month from the date of mailing of this international search report, submit comments to this Authority. 6. The figure of the drawings to be published with the abstract is Figure No. as suggested by the applicant. because the applicant failed to suggest a figure.	the international search v Authority (Rule 23.1(b)).	vas carried out on the basis of a translation of th	e international application furnished to this
the statement that the subsequently furnished written sequence listing does not go beyond the disclosure in the international application as filed has been furnished. the statement that the information recorded in computer readable form is identical to the written sequence listing has been furnished. Certain claims were found unsearchable (See Box I). Unity of invention is lacking (see Box II). With regard to the title, X the text is approved as submitted by the applicant. the text has been established by this Authority to read as follows: S With regard to the abstract, The text is approved as submitted by the applicant. the text is approved as submitted by the applicant. the text is approved as submitted by the applicant. the text has been established, according to Rule 38.2(b), by this Authority as it appears in Box III. The applicant may, within one month from the date of mailing of this international search report, submit comments to this Authority. The figure of the drawings to be published with the abstract is Figure No. as suggested by the applicant. X None of the figures.	contained in the international filed together with the international f	onal application in written form. Prnational application in computer readable form	
the statement that the information recorded in computer readable form is identical to the written sequence listing has been furnished 2.	furnished subsequently to	this Authority in computer readble form.	
2. Certain claims were found unsearchable (See Box i). 3. Unity of invention is lacking (see Box II). 4. With regard to the title, X the text is approved as submitted by the applicant. the text has been established by this Authority to read as follows: 5. With regard to the abstract, X the text is approved as submitted by the applicant. the text has been established, according to Rule 38.2(b), by this Authority as it appears in Box III. The applicant may, within one month from the date of mailing of this international search report, submit comments to this Authority. 6. The figure of the drawings to be published with the abstract is Figure No. as suggested by the applicant. X None of the figures.	the statement that the sui international application a	bsequently furnished written sequence listing do as filed has been furnished.	es not go beyond the disclosure in the
3. Unity of invention is lacking (see Box II). 4. With regard to the title, X the text is approved as submitted by the applicant. the text has been established by this Authority to read as follows: 5. With regard to the abstract, X the text is approved as submitted by the applicant. the text has been established, according to Rule 38.2(b), by this Authority as it appears in Box III. The applicant may, within one month from the date of mailing of this international search report, submit comments to this Authority. 6. The figure of the drawings to be published with the abstract is Figure No. as suggested by the applicant. X None of the figures.	the statement that the info furnished	ormation recorded in computer readable form is	identical to the written sequence listing has been
4. With regard to the title, X	2. Certain claims were fou	nd unsearchable (See Box i).	
the text is approved as submitted by the applicant. the text has been established by this Authority to read as follows: 5. With regard to the abstract, X the text is approved as submitted by the applicant. the text has been established, according to Rule 38.2(b), by this Authority as it appears in Box ill. The applicant may, within one month from the date of mailing of this international search report, submit comments to this Authority. 6. The figure of the drawings to be published with the abstract is Figure No. as suggested by the applicant. because the applicant failed to suggest a figure.	3. Unity of invention is lac	king (see Box II).	
the text has been established by this Authority to read as follows: 5. With regard to the abstract, X the text is approved as submitted by the applicant. the text has been established, according to Rule 38.2(b), by this Authority as it appears in Box ill. The applicant may, within one month from the date of mailing of this international search report, submit comments to this Authority. 6. The figure of the drawings to be published with the abstract is Figure No. as suggested by the applicant. Decause the applicant failed to suggest a figure.	4. With regard to the title,		
the text has been established by this Authority to read as follows: 5. With regard to the abstract, The text is approved as submitted by the applicant. the text has been established, according to Rule 38.2(b), by this Authority as it appears in Box ill. The applicant may, within one month from the date of mailing of this international search report, submit comments to this Authority. 6. The figure of the drawings to be published with the abstract is Figure No. as suggested by the applicant. because the applicant failed to suggest a figure.	X the text is approved as su	bmitted by the applicant.	
the text is approved as submitted by the applicant. the text has been established, according to Rule 38.2(b), by this Authority as it appears in Box ill. The applicant may, within one month from the date of mailing of this international search report, submit comments to this Authority. 6. The figure of the drawings to be published with the abstract is Figure No. as suggested by the applicant. because the applicant failed to suggest a figure.			
6. The figure of the drawings to be published with the abstract is Figure No. as suggested by the applicant. because the applicant failed to suggest a figure. X None of the figures.	the text is approved as sul	ned, according to Rule 38 2(h), by this Authority	as it appears in Box III. The applicant may, rt, submit comments to this Authority.
because the applicant failed to suggest a figure.			
			None of the figures.
